Date: 14<sup>th</sup> April 2008

Dear Ms Tan,

I wish to express my appreciation of Datacraft's generous contribution to support the Cuff Road appeal. This gives a big boost to the resources available for feeding the men while efforts are made to get cases resolved, and more men found opportunities to work and earn once more. I know it will also be heartening to those who have worked hardest on this from the outset.

Please convey my appreciation to the Carecraft Committee.

Yours sincerely,

John Gee

President  
Transient Workers Count Too
